County Bridges

While traveling the rural landscape of Carroll County, visitors and residents alike will have many opportunities to traverse the historic bridges that dot the county. Carroll County has over 100 bridges crossing major rivers such as the Wabash and Tippecanoe, as well as smaller creeks and tributaries. Of this large number of bridges, over 20 have been identified as historically significant. They vary in style and materials, from the older stone arch and wooden covered bridges, to those later made of metal and concrete. This map designates the location and type of 17 bridges.
